Old Delhi Heritage Walk

Delhi is one of very few places where the ancient and modern co-exist side by side complementing each other perfectly. Our heritage walks of Delhi are a perfect way of exploring this amalgam of old traditions, modern development and the unique heritage which makes it so interesting. It is the perfect way to explore some of the lesser visited places and gain a new insight about the history, people and sights of Delhi city.

The tour of New Delhi covers the UNESCO world Heritage sites of Humayuns tomb, Qutab Minar along with a photo stop at India Gate – the war memorial and drive past the Govt. Secretariat building and the President Palace.

Humayun's Tomb:

The mausoleum complex of Humayun, India's second Mughal Emperor, was commissioned by his widow in 1565 and was the first garden tomb to be built in India, taking seven years to complete. Humayun had travelled widely in Persia and Central Asia during his lifetime, and many of the architectural principles he brought back from these journeys were incorporated into the building at his wife's instructions. With its double domes, decorative inlaid marble and vast garden with pools connected by channels, this 16th Century building set the stage for the style that culminated in the Taj Mahal almost 100 years later.

Qutub Minar

Standing tall at 73-metres, the tower consists of 5 storeys with a flight of spiral stairs leading to its top. The walls are adorned with decorative motifs and Quranic inscriptions. At the foot of the tower lie other monuments of historical significance, such as the Quwwat-ul-Islam Mosque and the Iron Pillar of Delhi. The Amazing race Australia used this site as a pit stop in the second series. Visitors can take advantage of stunning photo opportunities.

The Taj, however, is in a league of its own and needless to say is a must-see for any visitor to the city.

Known as the Red Fort of Agra, this walled imperial city was founded in 1565 by the Emperor Akbar (1556-1605) and is a well-deserving UNESCO World Heritage site, located just 2.5 kilometres from the famous Taj Mahal. Its palaces, grand mosques and elaborate public hall are crafted from pink-red sandstone and are testament to an era when Indo-Muslim art, strongly marked by influences from Persia, was at its height. Emperor Shah Jahan, who built the Taj Mahal for his deceased wife, was imprisoned by his son Aurangzeb in Agra Fort. He is said to have died in the Musamman Burj, a marble tower he himself built, with one of the most alluring views of the Taj Mahal.

SUNSET VISIT TAJ MAHAL (Closed on Fridays)

Taj Mahal is everything that has been said about it and more. Taking 22 years and 20,000 men to build, the white marble was quarried 200 miles away and was transported to the site by a fleet of 1000 elephants. Built by the Mughal Emperor Shah Jahan as an expression of his love for his wife Mumtaz Mahal, in mid-17th century, it is truly one of the wonders.

Amer Fort

Amer Fort, officially known as the ‘Amer Palace’, is one of the most famous forts of Rajasthan attracting around 4000 to 5000 visitors a day during peak tourist season. The palace was named after the small town of Amer, where it is situated – only eleven kilometres from Jaipur. Perfectly picturesque, this 16th century hillside residence is well preserved, boasting grand pavilions and mirrored halls that open onto flourishing gardens and courtyards. Although the palace’s main construction started in 1592 by Maharaja Man Singh, it was added to over the years by successive rulers and continued to be occupied by them until Jaipur was built.

Photo stop at Hawa Mahal (Palace of Winds)

One of Jaipur’s most recognised buildings, the Hawa Mahal (Palace of Winds) is known for its iconic façade. Small windows, decorated with intricate latticework create a honeycomb-like appearance. The original intention of the lattice was to allow the royal ladies to observe everyday life in the street below without being seen. The cooling effect, provided by the breeze passing through the small windows, gave the palace its name. Built in 1799 by Maharaja Sawai Pratap Singh, the unique construction was originally designed to look like the crown of Krishna. A panoramic view of Jaipur can be had from the top of the building.

Jaipur City Palace

City Palace forms one of the most famous tourist attractions and a major landmark in Jaipur. The beautiful palace was built by Maharaja Sawai Jai Singh during his reign. Among the various forts and palaces of Jaipur, City Palace stands apart, with its outstanding art and architecture.

Jantar Mantar Jaipur

In 1734, the year of its completion, the Jai Singh Observatory was the last outpost of medieval science. From the outside, the eighteen fixed observational instruments look more like playground apparatus than sighting devices, but they were used to measure the position of the sun, stars and planets. Built by Jai Singh, the first Maharaja of Jaipur who founded the city in 1727, the observatory is one of a handful. Jai Singh, fulfilling a lifelong interest in mathematics and astronomy, built observatories in Delhi, Jaipur, Ujjain, Mathura and Benares. The Jaipur observatory is the largest and best preserved of these.
