Day 1: Day 1: Arrive Kolkata

Located along the eastern bank of the Hooghly River in the lower Ganges Delta, Kolkata is the capital of

the Indian state of West Bengal. This 350-year-old metropolis is the heart and soul of eastern India with its crumbling colonial architecture, elegant gardens, countless temples and bustling bazaars. Celebrated as the birthplace of the early 20th-century Bengal Renaissance, Kolkata is a major centre for drama, art, film, theatre, literature, spirituality and music. Visitors can roam the streets and soak up the atmosphere of faded grandeur, or take a ride in a rickshaw to one of the many Indian restaurants serving mouth-watering Bengali cuisine. Must-see highlights include: the Victoria Memorial, with its east-meets-west architecture; the Indian Museum, with its range of rare artefacts; and the Kali Temple, an important pilgrimage centre for Hindus.

Arrive Kolkata. Upon arrival, you will be received at the airport by **Trail Blazer Tours Representative** and will be assisted for your transfer to the hotel. Check-in at hotel. Hotel's check-in time is 1400 hrs.

Rest of the day is at leisure.

Day 2: Day 2: Kolkata

After breakfast, proceed for a **Colonial walk**. Embark upon a historical journey through the streets, markets and heritage buildings from Armenian and Portuguese churches, Jewish synagogues, to the Dalhousie Square, the Writers' Building, the Governor's House and the almost forgotten Charnock Mausoleum with tales of Calcutta's Black Hole till it morphed into the City of Palaces.

One of the renowned monuments in Kolkata, Victoria Memorial was built in the loving memory of Queen Victoria in 1921. Built and designed by Sir William Emerson, the Victoria Memorial Hall is an impressive edifice, which is made in white marble and is a perfect blend of Mughal and European architectural styles.

The Victoria Memorial is also a museum that houses some rare pictures, and statues of men and women who played a prominent part in the history of India and develop a pride in their past especially in relation to the history of Calcutta. In addition the museum also houses dresses, along with several artillery weapons from the Battle of Plassey, the Whispering Gallery in the dome and the famed Rosewood piano.

Built on a land of 64 acres with the building covering 338 ft by 228ft, Victoria Memorial is an architectural splendor that boasts of a scenic landscaped garden, which adds to the beauty of this royal grandeur. There are some remarkable figures sculpted above the north porch, which symbolize prudence, learning and motherhood.

St. Paul's Church

As the European community of Kolkata kept growing, by 1810, the St. John's Church that was meant for offering prayers appeared too small to accommodate all visitors at one go. The need for a bigger cathedral was then proposed by the then Governor-General of Bengal, Marquess of Hastings. He

advised William Nairn Forbes to submit the design of a new cathedral.

The location of the land for a new cathedral was proposed by Bishop Middleton. Due to the delays in getting permits, the process continuously kept getting pushed for later dates. Bishop Middleton passed away long before the project of the cathedral building had started. It was only during 1832, under Bishop Daniel Wilson that the building of the cathedral had started.

Later in 2007, ABN was also the first to run cruises on the River Hooghly (Lower Ganges) between Kolkata and Farakka.

There are plentiful remains of mosques, palaces and gateways and you visit a number of the most interesting before re-joining the ship in the evening.
